

# Awwal Bankole

Result-driven front-end developer proficient in HTML, CSS, JavaScript, ReactJS, VueJS, and the MERN stack. Experienced in building web applications using NodeJS, Python, and Django. Committed to driving business success and profitability through innovative solutions.

## EXPERIENCE

### Zuri Team, Inc., Lagos, Nigeria — Fullstack Developer Intern

May 2022 - August 2022

Engaged in remote internship, mastering diverse technologies (JavaScript, Python, Node.js, PHP) through structured learning system. Completed task-based skill development in frontend, backend, and product design tracks. Part of cross-functional teams of 10-20 members in project phase, achieving objectives and defending projects for competitive rankings.

### HNG Internship, Lagos, Nigeria — Frontend Developer Intern

January 2021 - March 2021

Collaborated remotely with cross-functional teams of frontend, backend developers, and designers in a competitive internship cohort. Executed weekly tasks, demonstrating adaptability, teamwork, and individual contribution. Leveraged diverse technologies to meet strict deadlines and deliver results, enhancing skills in communication and agile project execution.

### Brimatel Global Network, Lagos, Nigeria — Frontend Developer Intern

January 2019 - December 2019

Experienced in hands-on frontend development using HTML and CSS, including debugging, troubleshooting, and optimizing website performance. Conducted comprehensive website testing and implemented innovative technologies to enhance functionality and overall performance.
